Advanced Search

Sort By:

- ☐ ascending order
☐ descending order

☐ Return Exact Count of Search Results (slower)

| Field | Word or Phrase (Phrase in Double Quo |
|---|---|
| <input type="text" value="Bibliographic Info"/> | <input type="text" value="Enter a value below"/> <input type="text" value="searching the deep web"/> |
| <input type="text" value="Select a field"/> | <input type="text" value="Enter a value below"/> <input type="text"/> |
| <input type="text" value="Select a field"/> | <input type="text" value="Enter a value below"/> <input type="text"/> |
| <input type="text" value="Select a field"/> | <input type="text" value="Enter a value below"/> <input type="text"/> |

[Add More Search Criteria](#)

The Advanced Search allows you to do field searching and to formulate complex queries. You search by selecting a single field and submitting your query, or you can formulate a complex search by selecting multiple fields and connecting them with the Boolean operators AND, OR, or NOT. Pick list values are available for selected fields. This screen also allows you to choose the sort order. To search for an exact phrase, use double quotes around the phrase entered. Go to [Help](#) to get more information and for a list of [Subject Categories](#), [DOE Program Offices](#), and [Research Organizations](#).
